BASIC LIST FOR 1959
LIBRARY
RECEIVED
★ FEB 2 1959 ★
U. S. Department of Agriculture

Rooted clumps to be sent by parcel post, special handling. If you wish Special Delivery or Air Mail service add the charges for same. Fifty-five cents for Special Delivery—check with your local post office for charges on air mail per pound to your zone. **ALL ORDERS MUST BE ACCOMPANIED BY A \$1.00 HANDLING FEE.** This fee will help to cover packing expense, postage, special handling, and no order will be accepted unless this handling fee is included. Iowa customers must also include 2% tax as required by state law—unless you are a dealer and have a sales permit, in which case please give us your permit number for our records.

Orders will be filled in the rotation in which we receive them—those reaching us first will be filled first—please do not ask us to deviate from this rule. We will start to ship as early as weather permits in the spring—it usually takes about six weeks to become “caught up” on winter and spring orders. After that period orders will go out within a day or two of the time they reach us. **WE SHIP ONLY TO CONTINENTAL U. S.** We do Not ship during cold weather nor during excessively hot weather.

When ordering please list a few substitutions. We will not substitute unless absolutely necessary, but reserve the right to do so unless you have stated otherwise, in which case we will make refund if necessary.

Our rooted clumps are **PLANTED LEAVES WITH YOUNG PLANTLETS ATTACHED**—whatever the leaves have produced. The exception to this is an occasional very new variety or a slow growing variety, in which case you will receive a well rooted leaf which should produce plantlets for you in a very short time. Also, sometimes cuttings become of good size and we find it necessary to remove the parent leaf. We think it would be better if you do not separate young plantlets from the mother leaf immediately—let them grow on as received for a sufficient time for them to become acclimated to their new surroundings, then follow your usual methods.

We guarantee safe delivery of your orders but cannot be responsible for their performance after you have received them, as we cannot control the conditions under which they will be grown after leaving us. If your order is damaged in transit or otherwise not in good order, please return immediately for adjustment or refund. No adjustment will be made unless this is done immediately.

You will notice that we list many pink and white varieties. All are lovely and we recommend them—however, many do have a tendency to go back so solid coloring. As time goes on they will probably become dependable, but at present they are extremely new. Our guarantee on these, as on everything else we offer, is that the leaves were taken from plants which DID bloom true to description. The words “red” and “rose” are often used in African Violet descriptions and are sometimes misleading to those uninformed about African Violets. There is no true red—although the hybridizers are very, very close! “Rose” is sometimes used as part of a name or in a description and it means an orchid rose or lavender, NOT a deep pink as many seem to think. We offer this information in an effort not to mislead. Recently many varieties have come upon the scene with a chartreuse edge or fringing. Again—the chartreuse is not dependable under all conditions. As with the pink and white, they are becoming more dependable, but we cannot give an iron-clad guarantee. We suggest that if the bloom does not have the chartreuse edge, then try another location for your plant and see if it does not perform more satisfactorily.

It is difficult to always describe colors accurately as they appear differently under various conditions. (If you raise your violets under fluorescent lights try placing one under an incandescent light or in the strong light of a window—you’ll see what we mean!)

Many multi-colors will revert, although we try to offer varieties that are tried and true. Each leaf is taken from a parent plant that has bloomed true to name.

When foliage is not described it is of standard type.

Iowa customers who wish to pick up their orders may do so. Send your order by mail, tell us the day you wish to pick it up and it will be packaged for you before you arrive. We do not, however, admit visitors to the violet rooms, since we raise the rooted clumps primarily for the mail order trade.

Please do not discard this catalog. We have seven hundred varieties, more or less, described herein. After this we will give descriptions only on ADDITIONAL varieties as they become available, so that it may from time to time be necessary to check back to this catalog for a description.

Limit 2 of a variety to each order.

ROOTED CLUMPS

LEMON DROP—white fringed blossom with yellow tinted center. Cells in the area of the eye region of petals contain a true yellow sap. Our supply of this is extremely limited and it is likely that we will not be able to meet the demand, so we offer it on a "first come, first served," basis and will fill orders as long as the supply holds out. This variety should be of especial interest to hybridizers in the quest for yellow. Lemon Drop was developed by Mr. Hammond who has given us many lovely varieties. Lemon Drop foliage is very good, glossy and waved. \$2.50 per rooted clump.

GREEN FROTH—sparkling white frilled blossoms, lower petals edged bright green. Clear green wavy foliage. \$2.00

KATHY JEAN—dark heavily ruffled foliage, glossy above and wine-red below. Frilled blossoms of delicate lavender, edged in chartreuse. \$2.00

DESERT GLOW—cerise flowers with dark eye. Nice glossy green standard foliage. \$1.50

NEW INTRODUCTIONS FROM MRS. VALLIN

FAIRY FRINGE—fringed double white or pink or mixture of two colors with chartreuse edges. Waved foliage. \$1.50

ANGEL CHILD—fringed pink or white or combination of the two colors with chartreuse. Double. Not as large growing as other Vallin varieties, but a favorite with all who see it. Waved foliage. \$1.25

PURPLE HONEY—purple double with frilled chartreuse edges, very red backed dark wavy leaf. \$1.00

BLACK LIGHT—fringed double dark blue with light edges, dark wavy wine-backed foliage. \$1.25

DBL. PINK FIRE—large bright pink dbl., every petal fringed, wine-backed dark foliage. \$1.00

FRINGED NOSEGAY—heavily fringed dbl. white with pink and lots of chartreuse, light wavy foliage. \$1.25

GLAD RAGS—brilliant pink fringed double with sometimes chartreuse edge and dark red-backed waved leaf. \$1.00

MALINE—light whitish pink double with deeper pink shadings and strong tendency to chartreuse backed petals. Light foliage, usually red-backed on maturity. \$1.00

MOSS ROSE—very deep pink double fringed blossom, at times a bit of chartreuse. Very dark, glossy, red-backed foliage. \$1.00

PINK DARKIE—dark pink fringed double with chartreuse edges, dark glossy wine-backed leaves. \$1.00

PINK RIC RAC—very bright pink double with petals of bloom ruffled as on ric-rac edging. Dark glossy red-backed foliage. \$1.00

BLUSHING BEAUTY—(we offered this last fall)—white single, heavily fringed, bordered or marked with pink. Waved foliage. \$1.00.

FRINGED RASPBERRY—(Raspberry Fringe)—also offered last fall. Deep raspberry pink double, heavily fringed, typical Vallin foliage, waved and beautiful. \$1.00

HONEY BOUQUET—very new and as lovely as all the other Vallin varieties. \$1.50

ROOTED CLUMPS

BEAU KAY—double dark blue, green edged, on large notched glossy black red-backed leaves. \$1.25

BONNE GIRL—large star, blush white and pink. \$1.00

ANNALACEA—large waved and rucked leaf, red-backed on maturity, double blue. \$1.00

- BLAZE—glossy red-backed foliage, deeply waved, with fringed deep rose pink blossoms. \$1.00
- CHENILLE—heavily notched, or ruched, foliage, large, with blue and white blossom. \$1.00
- CARAVAN COACHMAN—blue bloom, large dark curly leaf. \$1.00
- CARAVAN SHIEK—similar to above. \$1.00
- CONSTANT BEAUTY—huge “lettuce” leaf, soft powdery blue blooms. \$1.00
- CRINOLINE—dark glossy red-backed foliage, Holly type, pink fringed. \$1.00
- DBL. PANSY—powder blue double. \$1.00
- DBL. CLARISSA HARRIS—bright pink fringed double, chartreuse edged, dark glossy wavy leaf. \$1.00
- D'AMOUR—large frilled deep wine flowers, wavy foliage. \$1.00
- DAY DREAM—heavy dark foliage, deep fringed blue. \$1.00
- DIANNE—blush white double with pink center. \$1.00
- FRINGED DBL. PINK—(LYONS)—large waved foliage, fringed double pink. \$1.00
- GRACEFUL—beautiful dark waved foliage, lavender pink blossom. \$1.00
- GO PINK—vibrant pink double with good foliage, sometimes spoons a bit. \$1.00
- GOLD BAND—edged with chartreuse, deep double pink (sometimes crested single) lovely wavy foliage. \$1.00
- GREEN EDGED JUNE BRIDE—ruffled white single with chartreuse edges—nice girl foliage—supply still limited. \$1.00
- GOLD LACE—we have this in a variety of colors—mauve, white deep lavender, blue and painted orchid—we can allow not more than two Gold Lace to a customer and will do our best to follow your color choice. Supply is not large at present. Foliage medium green, sharply serrated edges. \$1.25
- IRISH LACE—velvety ruffled leaves, deep blue flower with green lace edge, very attractive. We offered this last year—we can do so again this year but again in limited quantity. \$1.00
- IVA—green edges changing to deep frills, some double pink, some double white or combination of the two colors. \$1.00
- KATHLEEN—again only a few to offer—soft velvety ruffled leaves, orchid blossom with darker tips and delicate green frill. \$1.00
- LEE ANNIE (HAGA)—dark serrated red-backed leaf, double misty blue orchid. \$1.00
- LONG GREEN BUD—creamy colored buds to double pink, miniature longfolia foliage. \$1.00
- LOVELY (LYONS)—large misty pinkish white star, free blooming, standard foliage. 75c
- LOVE KNOT—double dark blue with chartreuse edges, the loveliest dark waved red-backed foliage. \$1.00
- L. TULANA CHARM—large ruffled foliage, very lovely, velvety blue ruffled blooms. \$1.00
- L. TULANA BELLE—clear blue blooms with ruffled edge. Large leaves of deep green that twist and curl. \$1.00
- MAC TAVISH—double blue blooms, on large waved, dark velvety foliage, red-backed and waved—large growing. \$1.25
- LEE ETTE—large two-tone lavender. Large scalloped girl leaf. 75c
- MINT CREME—large growing, good standard type foliage, blossoms of double white with pinkish centers—often chartreuse backing to outside petals. \$1.25
- MARSHMALLOW SUNDAE—double pink, often white edged—free blooming. \$1.25
- OCEAN WAVES—velvety dark blue on dark red-backed leaf. 75c
- PINK CHERRY SUPREME—large vibrant pink double on somewhat spooned heavy leaf. \$1.00

PINK FRINGE (HAMMOND)—(HAMMOND'S PINK FRINGE)—bright fringed pink on excellent waved foliage. Prolific in bloom habits. \$1.00

PINK PETTICOATS SUPREME—large double pink blooms on heavy textured girl leaf. Very lovely. \$1.00

PANSY BEAUTY SUPREME—we never have enough of this, can fill only early orders. Powder blue single with good white edge, heavy foliage. \$1.00

RENNY (HAGA)—lovely double misty blue orchid, somewhat similar to Lee Annie. \$1.00

SIERRA CHERRY—bright wine-red on standard foliage. \$1.00

SPECKLES (LYONS)—white liberally speckled with blue—standard foliage—have never seen another like it—cannot guarantee it to come true every time. \$1.25

SILVER FLUTE—variegated Holly type foliage, large growing, waved leaf, blue blossom. \$1.25

SPARKLING GOLD—supply scarce, will fill orders as long as we can—large deep lavender fringed blossom often with chartreuse edge. \$1.00

SWEET REFRAIN—large deep double pink blossoms on heavy heart shaped serrated leaf—a beauty. \$1.00

TREASURE ISLAND—white blossom with rose border, tailored foliage. \$1.25

TEA ROSE—good shade of pink double, good standard foliage. \$1.00

WEDGEWOOD—double wedgewood blue on dark waved foliage, very lovely. \$1.00

FRESH CUT LEAVES

Available usually, but we cannot furnish all varieties in fresh leaf cuttings, since we use so many of them ourselves! But we will accept your order for them and fill as best we can. Deduct $\frac{1}{4}$ from rooted clump prices—handling fee is 75c per order.

SPONGE ROK—generous size bag, 45c each, available in medium or coarse grade. Large bags may be purchased here by those coming after them.

Plastic planters for leaves—each will accommodate 8 to 12 leaves nicely—30c each.

Plastic planters for leaves—larger size—40c each.

Light weight white plastic flats 2 for 25c

Spongerok and planting flats shipped only with African Violet orders—please do not ask us to send them separately.

NATURE'S WAY PLANTING MIX—our version—15 ingredients—available to those who come after it. We do not ship planting mix, since transportation rates are prohibitive.
